FLOOD CONTROL MEETING CALLED HERE MONDAY

Seen, Heard and Told

By The Editor

CORRECTION: In Oliver-Lilly's big ad on page 5, the fourth line should read: "The entire LABOR cost of every 20th job cheerfully refunded." In setting the ad, the word "LABOR" was inadvertently omitted. The circulars covering this unusual offer have been corrected. This error, of course, was not discovered until after that part of our paper was printed.

This gives them a bargain in their ad, for every one is going to turn to page five to check up.

Condolence to our Republican cousin Charles Umbright, in Chicago, who was so sanguine (or made like he was) about the election of Walking Willkie who was up against Running Roosevelt

See where Mayor Arrington has taken over my old slogan, Me and Mike. You are welcome to it brother Arrington, as I have gone out of the political business, as it costs too much money.

The Chinch Den has had its front lifted and a new coat of rouge on its face, and nobody knows where to stop now. Thus Grenada Grows.

Poor old Willkie. He made a valiant fight, and you have to hand it to him. We candidly believe that he is an honest, conscientious man, but he was just up against the unbeatable man. From what he announces, "he can take it," and folks always respect a good loser.

Willkie did not do so much in Grenada county tho he really did better than many expected.

If necessary, I will make an affidavit that Sanford Horton really gave me that cob pipe, hard as it is to believe.

Si Jones paid his subscription and we put his pictue in the paper. Please do not take this as a precedent, other subscribers.

There were no Republicna votes at Cove Springs, we see.

This sorter looks like a Ford issue, as Oliver-Lilly, who are making things hum down on 51 Highway, has three ads in this newspaper. They are offering a fine selection of used cars. They are making an offer of free labor on every 20th job; and, in addition, are showing a picture of one of those new humdingers, the new Ford. Messrs Oliver and Lilly have surrounded themselves with a fine bunch of fellow workers, salesmen, service men and mechnics.

We Democrats should be and act magnanimous and chip in and send some flowers to Willkie, also to Sam Anderson at Greenville.

Grenada went 712 to 45 for Roosevelt, or about the old Bryan rato ,16 to 1. Folks down this way are not going to hurt Santa Claus.

The last census gave Grenada 5743 population. It has at least 6,000 now.

I guess Will Ed Boushe gets the cake, as he paid enough to get straightened out and maked current for two more years.

Be sure to attend the flood control meeting at the court house at 10 o'clock next Monday. This is important.

Brother G. A. Blassingame, yes that's his name, who lives even beyond Mosquito Lake, has cast his lot with us.

Somebody said that Willkie lost in spite of the two Lewises, John L. and Joe, both of whom were "hot" for Wendell.

Congratulations to our good friend,Mr. William Dubard, who is celebrating his 93rd birthday Friday of this week. He is to be surprised with a fine luncheon to which all of his descendants will come to make merry with him.

Belmont has a new clerk.

Hurd Horton told us to put a card of thanks, thanking Choppy Andrews and Col. Hoffa for collecting funds for the Democratic campaign. It is not too late to give now, as the Democrats need money.

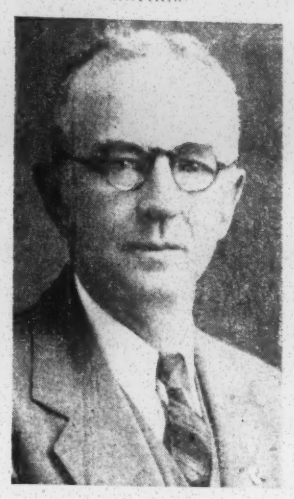
Miss Louise Lee is visiting in Memphis taking a vacattion from her hard work.

Mrs. Tobe Moore from Elliott was a recent visitor to the county capital.

Ping Irby went to Memphis recently. He has not had his name in the paper recently.

We may start a "Keen Kolym" soon.

RETIRES



C. M. JONES

C. M. Jones Retires After 37 Years of Service

Upon his retirement from the service of the Southern Bell Telephone and Telegraph Company, after 37 years Mr. C. M. Jones, Group Manager of this district, was tendered a banquet at Hotel Barwin in Grenada on October 31, 1940, and received from his associates many evidences of their esteem. Mr. Jones is being succeeded here by Mr. J. C. Dabney, formerly of Meridian.

Mr. A. M. Boroughs, Manager at Greenwood, served as toastmaster at the well-appointed banquet. Mr. Ike Baker, Mississippi cashier, of Jackson, presented Mr. Jones a lifetime membership card, recognized in any Chapter of the Pioneers of America. Mr. J. C. Hay, State Manager of Jackson, presented in the name of President, J. E. Warren, of Atlanta, a leather bill fold, containing a certificate of 37 years of honorable service. Many verbal tokens of esteem were voiced by his friends and associates. Telegrams and letters containing good wishes and congratulations poured in to the honoree. Over forty friends attended the banquet.

Mr. Jones' service with the telephone company began on the extra board of the old Cumberland Telephone Company on February 1, 1903. He became assistant manager at Gallatin, Tenn., and later at Portland, Tenn. Following a term as troubleman at Gallatin, he entered the shops at Nashville. In 1905, he was Manager at Carrollton, Miss.; he was District Cashier at Winona in 1913; Manager at Greenwood in 1914; District Manager at Hattiesburg in 1918; District Manager at Greenwood in 1920 and finally Group Manager at Grenada, beginning in 1932.

Mr. Jones was born in Springfield, Tenn., on October 13, 1875, he attended elementary school, high school and business college. For a while he worked with his father on the farm and at the mill, afterwards clerked for Robert Hopkins at Nashville, and was manager of the light and water company at Carrollton, Mississippi when he joined the telephone organization.

Last month, Mr. Jones attended a meeting of the Pioneers of America in New Orleans. A minimum of 21 years of service is prerequisite to membership in this honored organization.

Attending the banquet were the following:

Holly Springs—Mr. L. S. Orvill.

Jackson—Mr. J. M. Palmer, Mr. J. C. Hay, Mr A. T. Ramsey, Mr. I. N. Baker, Jr., Mr W. J. Lollar, Miss Kathryn Jones.

Winona—Mr. L. A. French, Mr. L. E. Lamb.

Oxford—Mr. G. T. Hemphill, Mr. W. N. Scott, Mr. J. W. Williford, Mr. W. R. Walker, Mr. M. L. Rodgers, Mrs. M. L. Rodgers, Miss Eleanor Heard, Mrs. Annie M. Parker, Mr. S. R. Oakley.

Coffeeville—Mrs. L. Nodan.

Coldwater—Mrs. Rubye Tate.

Greenwood—Mr. A. M. Boroughs, Mr. L. O. Langcoy, Mr. Frank Perry.

Hernando—Mrs. Jerry Tate.

Senatobia—Mr. S. Dillard, Miss Olivia Puryear.

Como—Miss Marian Patterson.

Water Valley—Mrs. Sadie Trusty.

Grenada—Mr. and Mrs. C. M. Jones, Mr. and Mrs. L. P. Mistrot, Mr. L. S. Sanders, Mr. Thomas Taylor, Mr. A. L. Trotman, Mr. M. T. Draughn, Mrs. Sue Schultz, Miss Lenora Holland, Mrs. Ola Robert, Mrs. Martha Lewis, Miss Louise Mitchell, Miss Myrtle Beckum, Miss Lora Crawford, Mrs. Irene Adams, Mr. J. C. Dabney.

The Grenada County Weekly joins other friends of Mr. Jones in wishing for him the splendid rest that his long and faithful service so richly merits

Hugh E. Duggins, Former Grenadian, Succumbs

A heart ailment took the life of Hugh E. Duggins, of Memphis Saturday, November 2, 1940. Mr. Duggins is a native of Grenada County, having been born at Parsons Station about fifty years ago, and was the son of Mr. Joseph Duggins and Mrs. Hugh Ellen Owens Duggins. He was bereft of his mother early in life and was reared in the home of the late Mr. E. J. (Poss) Owens, five miles southwest of Grenada. Mr. Owens and his maiden sister gave to Hugh, his brother and sister, all of the love and care that parents usually do, and these two elderly unmarried people took as great a pride in the success that their wards met as if they were indeed their parents.

For 21 years Mr. Duggins has operated the Duggins Pharmacy at 543 Highland in Memphis. Before that he was graduated from the School of Pharmacy at Ole Miss, and later served overseas in the U. S. Medical Corps. He was a Presbyterian, a Shriner, and a member of the American Legion.

His body was buried Monday afternoon at Hope cemetery near Grenada. Funeral services conducted by Rev. R. E. Sanders and Rev. Alfred Loaring Clark were held Monday morning.

Surviving him are his widow, Mrs. H. E. Duggins; a sister, Mrs. W. G. Brock of West, and a brother, Colonel J. E. Dugins, of the Walter Reed Hospital, Washington.

Local Druggist's Mother Died In Memphis

Mrs. Ida Ward Fatherree, mother of Mr. T. J. Fatherree, local druggist, died at her home in Bartlett, Tenn., Saturday morning, Nov. 2, 1940. Funeral services were held at National Funeral Home Sunday afternoon at two o'clock with interment at Elmwood cemetery, Memphis. Two other children, Miss Helen and Mr. Albert Fatherree, of Bartlett, also survive.

Mr. and Mrs. Fatherree of Grenada, returned home Monday.

To these good people and our fellow-townsman, we extend sympathy in their sorrow.

Who's At The Hospital

BY AINT THEY SWEET

Following are patients now confined to Grenada Hospital: Mrs. W. R. Ingram, Grenada; Mrs Joe M. Parks, Oxford; Mrs. Sam Blair, Holcomb; Mrs. G. H. Miller, Barwin Hotel; Mrs E. L. GORED BY BULL

In a playful mood, the fine bull owned by Roy Doak and Mr. F. B. Larsen, and kept on their farm near Torrance, severely gored Mr. Larsen last Thursday. Mr. Larsen was quite painfully injured, according to reports, and is still confined to his home.

As far as we are concerned, we do not care to fool with any playful bull.

Duties of Advisory Board Defined; Other Information

A further instance of the farsightedness of those responsible for erecting Selective Service Regulations is demonstrated in the provision made for Advisory Board for Registrants. Carrying out this provision, Governor Paul B. Johnson has appointed an Advisory Board for each of the 107 Local Board areas in Mississippi. Each Advisory Board is of sufficient size to insure that advice and assistance in preparing questionnaires and claims are readily available to each registrant.

Major J. T. Duggan at State Headquarters of Selective Service advised today that Local Boards will immediately begin mailing questionnaires to registrants. On the basis of information contained in these questionnaires registrants will be classified as they are needed to fill quotas. Any registrant needing help in filling out his questionnaire should approach the Advisory Board for his area. Those who ask their Local Boards for such advice and assistance will be directed to Advisory Boards.

In order to render the best possible service to registrants, the Chairmen of the Advisory Boards for registrants should give full information in newspapers and otherwise regarding the names and addresses of members and associate meebrs of their respective Advisory Boards.

According to our information, the Grenada County Board is composed of C. J. Worsham (chairman), J. P. Pressgrove, Sam J. Simmons, Jr., John Rundle, Eugene McGahey, Brown Whitten Cowles Horton, W. B. Nicols, A. M. Carothers, S. C. Mims, C. C. Andrews, W. M. Mitchell McInnis Talbert and A. G. Roane.

Mrs. Hattie L. Grantham Buried Here Today

Mrs. Hattie Lawrence Grantham, widow of the late Steve Grantham, died in the home of her son, Mr. Douglass Grantham, in Greenwood Wednesday, November 6, 1940.

Mrs. Grantham was a native of the western part of Grenada county and was born in the Lawrence old homestead near Oxberry River 70 years ago. She has been a cripple for several years, but always maintained her spirit of cheerfulness in spite of her severe handicap.

As we go to press, her body is being buried here. Details are unavailable at press time.

Surviving her is her only son, Mr. Douglass Grantham, of Greenwood.

PTA Sponsors Education Week November 11-16th

American Education Week, Nov. 10 to 16th being observed throughout the United States affords an opportunity for every one, especially parents, to visit their local school. A cordial invitation is extended through the P. T. A.

Regular meeting of the P. T. A. will be at 3:30 Thursday, Nov. 14th.

Announcement by the Executive Committee that grades 5 and 6 tied for the prize offered in the October Membership Drive, has been made. Both grades receiving a grand first prize. The P. T. A. 1940-41 quota of 800 members was made.

Last Thursday a physical check-up of the first grade pupils was given. This Wednesday, Dr. Caruthers examined the first grade children's eyes.

The membership drive chairman, Mrs. O. R. Lilly expresses her appreciation to the grade mothers and others who assisted with the drive made in October, and extends an additional invitattion to parents and all others interested in P. T. A. work to join the P. T. A. now.

OLIVER-LILLY MAKES UNUSUAL OFFER

Oliver-Lilly Motor Company, Grenada Ford and Mercury dealers, makes this unusual offer: to refund the full labor cost on every 20th job that passes through its shop. No fooling. It means just that.

RIVER WORK DELAYED

A day or so of rainy weather, and the holiday on the 5th have delayed the work of clearing the river of debris and clearing its banks of bushes and trees.

Me and the GCW.

Congressmen Doxey, Ford and Whittington Here To Discuss This Matter

Announcement was made by Hon. A. L. Ford, congressman from this district, that he, Congressman Whittington, Congressman Doxey and some army flood control engineers would be at the court house at ten o'clock next Monday, November 11th, to discuss with the people of this section the proposition of building a dam or a series of dams on the Yalobusha and Skuna rivers.

Mr. Ford met a representative group of landowners here in Grenada last Thursday and promised that he would call a meeting a little later, and would have the two other congressmen at the meeting, as well as some engineers who were competent to speak upon the subject. Mr. Doxey represents the district in which the Skuna river is in, while Mr. Whittington is Chairman of the House Flood Control Committe.

Several years ago, when the subject of building dams on this river was being discussed, the landowners in this county and further up the Yalobusha river in Calhoun county were generally hostile to the fish and voiced their hostility in many of the public hearings called upon the subject. Just recently, however, a petition asking for the dams (or other suitable means of flood control on the river) to be built, was circulated among the affected land holders, and this petition received almost one hundred percent approval.

The successful reclamation of hundreds of thousands of acres of fertile land below the Sardis Dam has proven the feasibility of this method of flood control.

The comprehensive plan of flood control in the Yazoo watershed contemplated six dams, two of which were on the Yalobusha river and one on Skuna, a tributary of the Yalobusha. Of the other three, the Sardis Dam has been completed, the Arkabutla Dam on Coldwater is being built, and surveys are being made for the Yokena Dam.

In his telegram announcing this meeting called for Monday, Mr. Ford earnestly urged that all interested people attend this very important meeting.

Juniors Present Play Tues. Night At School House

Tuesday night, November 12th the Junior class will present favorite comic characters in convention. Maggie and Jiggs, Mamie, William, Mason and Kaye Mullins, Boots, Opal, all the Gumps, including Ma DeStross, Major Hoople, Archie and Rosie, Samantha Tillie—in fact the whole array of characters in your favorite comic strip.

Faculty members, pupils from the four classes, and townpeople are taking part in this hilarious comedy. A few (the complete list is not available) actors to be seen are Mr. Watson, Miss Shows, Miss Turner, Mr. Stubbs, Mr. T. W. Hodge, Mr. Clyde Horn, Miss Ouida Chapuis, Mrs. H. D. Lane.

A special feature will be the Harlem Gang: Ernest Penn, "Little" Chick Lockett, Jackie Lane, Fern Pendergrast, and Grace Smith.

Admission 15 and 25 cents.

The public is urged to come out to this laugh feast.

ATTEND LUNCHEON IN MEMPHIS

On Wednesday Grenada was represented at the Annual Luncheon honoring the season's debutantes, at the beautiful Nineteenth Century Club in Memphis by a group of four socially prominent matrons. Mrs. J. K. Avent, Mrs. Cas E. Heath, Mrs. H. A. Alexander, and Mrs. S. B. Caruthers. They were guests of Mrs. J. G. Stuckey, of Lapanto, who was hostess at a table of eighteen

How The Food Stamp Plan Works In Noxubee County

The following article is clipped from the Macon Beacon, and shows how the Food Stamp Plan works in Noxubee County:

The Food Stamp Plan, a new method of distributing surplus foods, is being inaugurated in Noxubee county today, Friday. Approximately 5,000 families in Noxubee county will participate. Eligible families are tenant farmers receiving commodities under the old commodity setup; W. P. A. workers; W. P. A. assistance who are unemployed; old age pensions, and "Aid to Child" cases.

Effective November 1 to November 30, 1940, inclusive the following agricultural commodities and products are hereby declared as surplus food commodities to agricultural producers and families, may be exchanged for blue surplus food order stamps in any retail food store pertaining in the food stamp program in Noxubee County.

Butter, raisins, rice, pork, lard, pork, corn meal, shell eggs, dried prunes, hominy grits, wheat flour and whole wheat (Graham) flour, fresh oranges, fresh grapefruit, grapes, lemons, green onions, dry edible figs, fresh cabbage, Irish potatoes, fresh apples, fresh pears.

Pork shall include all cuts, fresh, including chilled or frozen, pickled, salted, cured, or smoked, but not canned or packed in metal or glass containers.

It is estimated that more than 5,000 people will benefit under the plan. This should mean that approximately $30,000 will be spent in stamps each month. (Federal) Supervisor Keenan emphasizes the fact that this is a low estimate and states that all of this is new purchasing power which would not have existed without the inauguration of the Food Stamp Plan. Needless to say those who merely receive the free stamps will not receive the maximum benefits and those eligible persons who purchase stamps will benefit most.

The stamps will be good for purchases at all participating food stores in the county on and after November 1st, 1940. A facsimile of the food stamps is printed on the front of [illegible] stamps will [illegible] denoms of county checks.

Identification cards and an explanation of the program will be mailed to the heads of eligible families [illegible]

CHAPEL PROGRAM GIRL RESERVES MEETING

Thursday morning the Girl Reserves met in the high school auditorium. Louise Avent and her triangle had charge of the program.

Betye Rule, the president, made a few announcements at the beginning of the meeting. Each of the four triangle leaders, Anne Odom, Marguerite Stanley, Louise Avent, and Sue Rowell called the roll for her triangle.

The Secretary, Sue Rowell, read the minutes for the last meeting.

The program was based on "Your Personality." Marjorie Chapman made a very interesting talk on clothes. Betye Rule, discussed hair and complexion, and Kathryn Jones talked on the importance of entering into the spirit of activities.

Several business matters were discussed before the close of the meeting. Two new members were added to the roll.

GIRL RESERVE WORK OUTLINED AT LIONS' AND ROTARY CLUBS

Betye Rule, president of the local Girl Reserves Club, briefly outlined for the Lions and the Rotary Clubs the objectives of the high school division of the Y. W. C. A.

GIRL RESERVE CONFERENCE MEETS IN EUPORA

The District Three Girl Reserve Conference was held at Eupora, November 2 and 3. Betty Rule, substitute for vice-president, Audrey Moss was the presiding officer in the absence of the president. The Grenada delegation was pleased with the manner in which Betty conducted the meetings and many favorable comments were made by those in charge of the Conference.

Miss Mary Haynes, sponsor, and Miss Onida Ellzey, bookroom attendants, were accompanied by Marguerite Stanley, Grace Smith, and Betty Rule, delegates for Grenada.

The following Grenada Girl Reserves accompanied by Mrs. J. D. Edwards and Mrs. J. K. Avent, attended the Saturday session: Louise Avent, Camilla Smith, Winfred Saunders, Anne Odom, Betye Esther Edwards, Dorothy Tolbert, Margaret Green, Mary Lou Cullen, Lucy Mac, and Ruth Lee Morrow.

The meetings were held in the auditorium of the High School building. Miss Louise Fairman, Brooksville, led us in Girl Reserve songs after which Clytie Burton, Eupora president, was introduced and extended her welcome to the visiting Girl Reserves.

The devotions were led by the Mabin Girl Reserves.

Miss Elizabeth Hudson, new Y. W. C. A. Student Secretary, from M. S. C. W., gave a very interesting and inspiring talk on, "The Price of Christ."

The girls were served lunch in the School Lunch Room, and at one o'clock we were again assembled in the auditorium for more songs.

The Mathiston Girl Reserves gave a short play named, "The Critical Case," then the meeting was called to order for business. During this meeting officers for next year were elected and the minutes of the Conference held last year at Grenada were given.

While the adults were called for special meeting, Betty Rule led a discussion with the girls.

Mrs. J. K. Avent, a member of District Three Y. W. C. A. Board presented the certificates of recognition for clubs who had paid partly, or in full, their quota. Grenada was one of the clubs who received a certificate.

After assigning the girls to their work-shops, the meeting was declared adjourned.

At 1:30, the girls were carried to the homes assigned to them.

The Eupora Girl Reserves entertained the visiting girls with a party Saturday night, led by Miss Bess Herron, assistant State Secretary.

The Sunday program was held at the Baptist Church at 11:00, with the Eupora Club forming the choir.

A very impressive candlelight installation service was led by Mrs. Hugh Potts of Kosciusko.

A Bible play "The Pearl of Great Price" was given by the Pickens Girl Reserves.

The program concluded with a choral benediction, "Lord, Make Us More Holy."

IMPROVED SPIRIT

The school spirit displayed this year by the student body has, as a whole, been very good. Everyone has seemed interested in all that went on and all have cooperated very nicely with the teachers and Mr. Rundle. The interest in the football team has been great on the part of the students, all the games have been attended by a good number of the high school pupils, and we might mention here, that the interest of the townspeople in the team has increased no little. Before Grenada had its lighted field, there was very little interest shown for the team, but now, the town has taken an interest and turned out in fine fashion for the games this year.

We have a fine school here and should be proud of it, should want to do our best for ourselves and our school. We have a good school spirit now, but lets try to improve it; it can be improved and we should try to do it.

CONGRATULATIONS TO FRANCIS HILL, JR.

From Davidson College, North Carolina, come complimentary reports of Francis Hill's outstanding work—especially in English. From his earliest years in school Francis was recognized as a person of unusual mental ability. During all his public school years he was noted for genial disposition, never-failing cheerfulness, thoroughly democratic spirit, good will and courtesy. As a member of the public speaking class, senior play cast, yearbook staff and commencement program committee, Francis contributed generously and valuably to the success of the school. "Shyster's" or "Shot's" or Francis' innumerable friends are glad of the favorable distinction he is gaining at Davidson and expect a continuation of his success.

MR. RUNDLE, GUEST SPEAKER

Mr. Rundle was the guest speaker at a Father and Son Banquet at the Presbyterian Church in Oxford Monday night, October 28. Over one hundred elementary, high school, and college boys were present with their fathers.

Mr. Rundle confined his talk to a father's responsibility in fitting his boy for the present emergency and to an appeal to each boy to fit himself for one great task with something in reserve.

The chapel program of October 30, began with the entire student body singing "I Am An American." Mr. Rundle's text was taken from the sixth chapter of Ephesian—the eleventh verse—"Put on the whole armor of God, that ye may be able to withstand in the evil day, and having done all, to stand." Mr. Rundle stressed the fact that American youth clothed in the armor plate of Christianity would mean more to America than the massed strength of all the iron armor plates.

WHAT METHUSELAH ATE

Methuselah ate what he found on his plate
And never, as people do now,
Did he note the amount of calorie count;
He ate because it was chow.
He wasn't disturbed while at dinner he sat,
Or distressed if a roast or a pie
To think it was lacking in time or in fat.
Or a couple of vitamins shy.
He cheerfully chewed every species of food,
Untroubled by worries or fears,
Lest he might be allergic to some
Fancy dessert,
And he lived over the hundred years.

Corned Beef and Beans with Cheese Sauce

Broadcast by Mary Lee Taylor November 7, 1940

6 slices corned beef, cooked or canned (12 ozs.)
3 cups cooked or canned green beans
2½ cups grated American cheese (½ lb.)
¾ cup Pet Milk
¾ teaspoon salt
¾ teaspoon dry mustard

Turn on oven and set at moderately slow (350°F.). Slice corned beef ¼-inch thick; put in greased shallow pan. Bake 10 minutes, or until thoroughly heated. Meanwhile heat beans in their own liquid. Mix cheese, milk, salt and mustard together. Cook over boiling water until cheese melts and mixture is smooth, stirring frequently. Put corned beef on platter, arrange drained beans on top and cover with cheese sauce. Serve at once. Serves 6.

Sentiment About Dams Changed

It is quite apparent that, at this time, the landowners, with very few exceptions, along the Yalobusha river want the government to build the storage dams on this river. Two dams on the Yalobusha, one near Holcomb and one a few miles East of Grenada, and one dam on Skuna River, are parts of the great comprehensive plan for the control of the floodwaters of the Yazoo system of rivers. The dam above Sardis on the Tallahatchie has been finished. The dam on Coldwater is being built. Surveys looking to the early building of the dam across Yokena River are being made. Only the dams on the Yalobusha and Skuna remain unprovided for. Sentiment for the building of these dams has grown to the fever heat. A meeting of the landowners with Mr. Ford, our congressman, has been held; and a meeting in which the three congressmen concerned, Messrs. Ford, Whittington and Coxey will be held on next Monday, November 11th at the courthouse.

Very frankly, the writer fought the "dam dams" when the subject was up several years ago. At that time he was the voice of the landowners who, at that time did not desire to have their lands damaged or confiscated for flood control purposes. The writer was not inspired by selfishness, for, as is well known, his land is in the Yalobusha-Tallahatchie bottom BELOW any of the dams, and, therefore, in an area that would be benefitted.

The picture has changed. The landowners, as a whole are no longer independent arbiters of their own business. They are restricted in production and penalized if they cooperate and subject to a thousands ways to governmental interference in their operations. They have had a succession of bad crop years, low prices and undiminished taxation. Most of them are now ready to sell out to the government and either quit farming or move their operations to higher ground.

The picture has changed in another way. When the dams were first advocated, we farmers in the hills could plant 100 percent of our land in cotton, if we never ever approached that figure, or half of it). The farmers in the delta also could plant 100 percent if they wanted to—and often did. We hill fellows then felt that our lands were to be inundated and rendered useless in order to save the delta lands. There was a good deal of righteous sectionalism in the situation. Now, the government has come in and said that we hill fellows can plant only 26 percent of our acreage in cotton, but allows the deltan to plant 50 or 60 percent—adding further to our plight. So, as stated, most of our landowners now say, "oh, hell, let's sell out. We are blowed up anyway." That seems to be the fact.

Due to increasingly dangers of floods during the growing and harvesting seasons, lands along the river are always hazardous. These lands are difficult to finance. They no longer are the assets they were of the yesteryear. This is another reason for the change in sentiment of the people of this county.

A blind man can see anyway that Grenada county is slowly and surely being converted from a cotton to a cattle county. With the dams built, cattle can graze in the area subject to overflow, and driven to high ground when the flood gates are closed. We are told that a former landowner can lease back from the government at one dollar per acre per year his former holdings, with the fixed understanding that the government's water has first claim to the use of the land and that crops planted on the land have to take that chance. Anyway the man who plants crops along the river has to take big chances.

We used to call them the "damn dams". We now call them the "blessed" dams. Bring on the blessed dams

Too Many "Bad Niggers"

We repeat what we said about a month ago-that there are too many "bad niggers" in Grenada. Idleness leads ever to viciousness. An idle brain is the devil's workshop.

One negro was literally beaten to death by some other negroes in Grenada Saturday night. Evidently this killing was not justified for three of the participants were bound over to the grand jury.

This would be a good time to round up all "shady characters" and try them for vagrancy, ere some much greater tragedy, involving others, befalls this city.

An idle person, physically able to work, is a liability to any community. If he or she lives without working, it is self evident that he or she is living upon the toil of those who do work.

Inasmuch as we white people make the laws in this community, and inasmuch as we white people perform all government functions, we white people are responsible to the good negroes for protection against the more vicious elements of their own race.

Good negroes are assets to this or to any other community. Negroes, like all normal parents, wish to rear their children under proper environments. How can they do this when all kinds of "carrying ons" are rampant among the more idle and more vicious members of their race in this community?

Unless drastic steps are taken to curb the "bad niggers" in this city, Grenada will awaken some morning aghast at a tragedy that will make the Saturday night "niger killing" seem tame and harmless indeed.

Grenada had better wake up!!

Wonder why Kinney Wagner did not take Mitchell with him when he walked off from Parchman?

More About The Food Stamp Plan

In thinking of the Food Stamp Plan, we must not do so wholly from the viewpoint of the food merchants, for they are but means to an end in this scheme. The Food Stamp Plan is just one of the two means that the govefnment uses in atiempting to raise the diet of the underprivileged people from a cost of 5 cents per meal per person to seven and one-half cents per meal per person. The government first sought to attain this objective by establishing commodity warehouses from which surplus food itself was distributed direct to those on relief. Another objective of the plan was to provide outlets for huge surpluses of food products that were accumulating either in the hands of farmers or in warehouses.

The Food Stamp Plan is another method of attaining the objectives sought. Instead of the government buying the surplus commodities and giving the actual commodities direct to those on relief, with all of the harried feelings and jostling attendant upon such method, the government evolved the scheme of naming certain articles as Surplus Commodities, giving the blue stamps to the relief clients, and permitting the clients to use those stamps in buying these commodities, through the regular channels, that is, thru their home food merchants. One plan costs the government just as much as the other plan, but no more.

Under the present plan, the client has absolutely no choice either in the things he gets or in the amount of each. He merely gets to the commodity house the best way he can, takes what is given him, and gets home the best way he can, in the meantime often having to await his turn in a slowly moving line. Who of us has not seen ignorant negroes perplexed as how to cook the "sour oranges", better known as grapefruit Who of us has not seen clients with potatoes and no salt, cabbage and no meat, flour and no lard? All of these discrepancies and misfits were natural consequences of the effort quickly to get rid of many carloads of surplus commodities by ill-paid and over-worked relief workers. The faults were in the system, not in those who disttributed the commodities.

If the Food Stamp Plan is started in Grenada County, one of the two accountants will make a periodical tour of the county to distribute the blue stamps (and to sell the orange stamps) to the relief clients. The blue stamps may be used to BUY such surplus commodities as flour, pork, rice, hominy grits, etc. from the local merchants, near home. The clients may buy as much or as little of either commodity as his fancy, and the amount of his stamps, dictate. If he has plenty of corn meal at home, he will not have to tote off a 48 lb. sack of flour, which he does not immediately need. If he has some shortening of his own, he does not have to buy lard. If he has just killed his own shoat, he will not have to buy pork. As stated, the client can have some discretion in what and how much he buys. Today he has none. Today, he gets only what is given him; tomorrow he has wide discretion in his selections of food.

What of the country merchant now dependent upon a community almost filled with people of direct relief? At the present time, most of that class of merchants are barely hanging on to their dwindling resources. With the Food Stamp Plan in operation, he will be in position to do much more cash business, the blue stamps being readily convertable into cash. He can look forward to the future with more confidence than characterizes his present outlook.

Grenada County may choose to continue to see $40,1 000 worth of surplus commodities monthly dumped here, or it may choose to adopt the plan whereby $40,000 in "cash money" will be liberated here every month.

Which shall it be?

Successful Game Conservation

"The proof of the pudding is the eating thereof", is an old saying. The proof of the value of the game conservation laws, enforced more or less rigidly, lies in the bags of game brought in by the hunters and in the strings of fish brought in by the fishermen.

Along about 1930 we did a good deal of fishing, so called, and although we lived right on the edge of the lake country in the western part of the county, we knew it was then idle to try to catch ony fish in that area, and therefore fished in the lakes in Tallahatchie county. All of us "laymen" blamed the creosote with the killing of the fish in and along the Yalobusha River, ven if some of the "scientists" said that there was nothing to such bosh. Anyway, we, as a member of the board of supervisors at that time, took a leading part, ten years ago, in pursuading the folks to build a dam to prevent the escape of the creosote into the river. Whether the creosote had anything to do with it or not, it is a positive fact that after "trapping" the creosote we have had plenty of good fishing in the lakes along the Yalobusha River. The then board of supervisors was faced with an indignation meeting that would have bluffed a less hardy bunch. . . but that's not the purpose of this article opening up old arguments. The fact remains that THIS conservation measure did help restore to Grenada county its fishing opportunities. This, with more close observation of the fish laws, has helped out.

Had not the squirrel laws been enforced as well as they have been—no one contends that that law, or any law, can be enforced 100 percent—our hunters could never get the limit, as many of them do now. Back in the old days, fifteen years ago, with unrestricted squirrel hunting, we can remember killing as many as seven squirrels upon only one occasion. Our son, with a .22 rifle often gets the limit over the same territory.

These good bags of game and the good strings of fish are to be had in spite of the fact that the number of hunters and the number of fishermen have increased at least three fold within the past two decades.

Conservation of game and fish has proven itself to be worthwhile.

See where Fred Sullens is boosting Walter Sillers for governor. Unquestionably there is not a more able man in Mississippi than Mr. Sillers. We seriously doubt however, whether he would accept the office if given him on a silver platter.

An Ideal Set-Up

For more effective administration, the government declares that, to form a Food Stamp area, an area containing approximately 75,000 persons must be accredited together. If one county contains that many persons, that one county may form the unit; but no county in the state contains that many people.

Grenada, Yalobusha and Tallahatchie counties together contain about 75,000 people. By ties of business, by social ties and by blood ties, these counties form an ideal unit. Being joined by common boundries, as well as by common interests, such a unit is much to be desired. Between Grenada county and those two "parent" counties there is a much stronger tie, as Grenada county was formed principally from parts of the two older counties.

We understand that both of the other two counties, Tallahatchie and Yalobusha, are interested in the establishment of the Food Stamp Plan in their respective limits. Let's join with them in seeking this plan, and seeking to unite the three counties into this very desrable unit.

Red Cross Roll Call

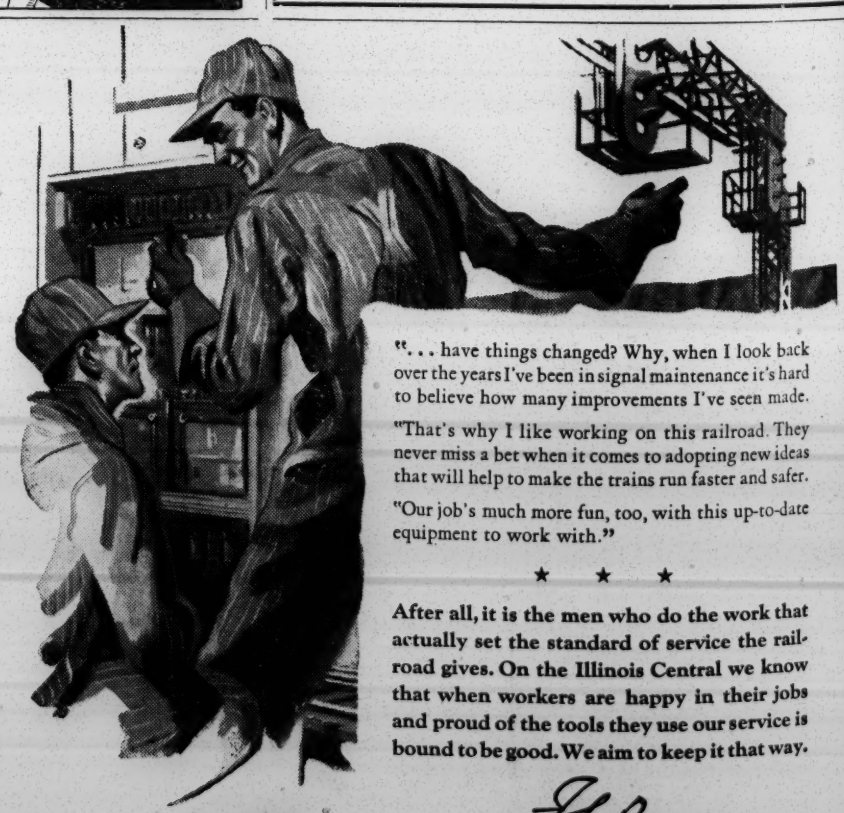
The annual roll call of the American Red cross appropriately begins on November 11th, Armistice Day.

Many people of this community in times past have been beneficiaries of the Red Cross. These folk now, at least some of them, are on "their feet again" and should remember the Red Cross with timely contributions.

Calls upon the Red Cross this year are greater than at any time within the past 25 years. Needs of the unfortunate refugees in Europe, added to the normal needs of the people of our own country as well as the needs that arise from unforseen disasters, make its task the greatest in its long history.

Join the Red Cross!!

The war would be about even if the Axis powers could get Russia and Turkey on their side and against Great Britain.



". . . have things changed? Why, when I look back over the years I've been in signal maintenance it's hard to believe how many improvements I've seen made.

"That's why I like working on this railroad. They never miss a bet when it comes to adopting new ideas that will help to make the trains run faster and safer.

"Our job's much more fun, too, with this up-to-date equipment to work with."

★ ★ ★

After all, it is the men who do the work that actually set the standard of service the railroad gives. On the Illinois Central we know that when workers are happy in their jobs and proud of the tools they use our service is bound to be good. We aim to keep it that way.

In spite of many warnings, many fellows did not get tags in time to avoid the penalty.

The rather large bags of squirrels being brought in by the hunters speak well for the conservation laws of the state. If there were no protection, the only squirrels left would be in the Court Square in Memphis.

Gordon Bingham denies about the 500 lb. bales of cotton. Since he paid his subscription, we will not fuss.

We had intended to have a big piece about TVA, but the large ad of the power trust forced it out.

Aint they sweet.

The air was filled with conflicting voices and conflicting claims Monday night as the two major political parties fought all the time on all principal stations. A good many people stayed up and listened. I stayed up and played ten cent poker.

Judging from the tone of their paid notice, the farmers of Beat Four are tired of hogs rooting up their meadows. Don't blame them. Hogs damn near ruined me when I was in the hay business.

There is a growing sentiment in Grenada for Democrats to stick together.

Nobody killed on 51 South Saturday night, but one poor negro was killed almost on mid-51, right in town.

Too many "bad niggers" here?

Help make the Armistice Day parade next Monday the largest and best in Grenada's history.

Our Mr. Greenfield has been hors de combat with a so-called carbuncle on his eye.

The greatest vote ever polled at a General Election was polled in this county, Tuesday. Ordinarily there is little interest in the General Elections.

Judging from the returns, Mr. Nelson went solid Democratic, as was to be expected.

It was told that the fellow who was looking for Willkie's name on the ticket, could not find it.

Meeting Defense Communication Needs Today and Tomorrow

To be prepared for emergencies of whatever magnitude or urgency is a requirement to which telephone company workers are accustomed.

The National Defense Program is a new emergency to be met. New switchboards are being installed, several thousand miles of telephone lines have been strung and large scale telephone engineering projects are under way to serve the fifty newly approved and existing army and navy posts and air bases located in the territory served by this Company.

Long distance communication facilities are also being expanded and new circuits have been established to assure ample long distance telephone service between these military bases and all parts of the nation.

Southern Bell and the entire Bell System are in high gear, meeting the nation's present defense needs and prepared to adequately meet those of tomorrow.

Seen, Heard and Told By The Editor

Well with good luck and the continued indulgence of our creditors, we got by another first of the month, fortunately.

See where Noxubee county started the Food Stamp Plan on the first of November, and everybody there is boosting it.

We have added, upon its request, the name of the Cobb County Times of Marietta, Georgia, to our exchange list. The Times is recognized as Georgia's best weekly newspaper and as one of the very best weekly newspapers in the United States. Mr. D. H. Horn, who works for us, said that he worked two years on that paper for Mr. Brumley and Mr. Abernethy.

Speaking of Georgia, some of our happiest days were spent in that State, when we attended school at Ga. Tech.

It looks like now Grenada is getting a little more recognition in the Commercial Appeal, either thru a new correspondent or thru spurring up of the old one.

Do not forget to participate, either actually or as a spectator, in the Armistice celebration next Monday.

When you buy tires
DON'T BE MISLED BY CONFUSING OFFERS
Here are the facts!
• When you see long discounts or tricky offers don't be misled. Are the prices quoted on first, second, third or fourth line tires?
• You don't want the lowest priced tire in town—if it might blow out tomorrow. You don't want a tire "bargain" that has to be replaced in 5000 miles or less.
• You do want the most miles, the greatest safety and trouble-free service—at the lowest first cost.... That's what we've got!
Get a better deal here—no matter what type or size tire you buy!
• Whether you want THE U.S. TIRE, the Royal De Luxe, or the Royal Master, America's foremost safety tire, get our deal before you buy any tire.

TWENTIETH CENTURY CLUB

The handsome home of Mrs. John Ben Perry, Sr., on Main Street was charmingly decorated with colorful autumn flowers Tuesday when Twentieth Century Club members and a small group of special guests assembled for a delightful afternoon.

Mrs. Gertrude Marders was co-hostess in this courtesy.

Beautiful Brilliant Roses were arranged in cut glass bowls and centering the dining room table and placed so that their beauty was reflected by a wall mirrow, was a bouquet of yellow chrysanthemums. This bouquet was arranged in handsome cut glass also.

Mrs. J. K. Avent, president of the club, graciously presided during the business meeting and later presented the members on the program.

Mrs. J. L. Cooley read a most interesting and informative article based on Isabel Ross' "Ladies of the Press."

Mrs. Cowles Horton delighted the audience with two reviews, the first on "Britain" and second topic, "Grausstark" based on the book "We Saw It Happen" written by 13 correspondents of The New York Times.

During the social period which followed Mrs. Horton's topic, the hostesses, assisted by Mesdames O. R. Lilly and F. R. Lickfold served a salad plate with coffee.

Guests, other than members to enjoy this lovely social affair were Mesdames Eugene Davis and W. T. Merritt, of Jackson and Mesdames S. Y. Anderson, Ernest Martin and F. T. Gerard.

SHOWER FOR BRIDE

The reception rooms of the home of Mr. and Mrs. Alvin Juchheim were decorated with a profusion of lovely yellow and white chrysanthemums on Wednesday evening when the daughter of the home, Miss Emma Karl, entertained honoring Mrs. Robert Murphy, nee Nina May Clark, a recent bride. Co-hostess with Miss Juchheim were several other close friends of the honoree, Miss Joyce Matthews, Miss Thelma Thompson and Mrs. L. C. Proby, taking the place of her daughter, Miss Susan, who is away at school.

Three tables were arranged for bridge enthusiasts and tables for other games were arranged for those not wishing to play bridge.

PROMPT WORK SAVES LIFE OF NEGRO EMPLOYEE

Prompt action on the part of fellow employees, led by Foreman L. E. Gibbons, saved the life of Houston Mayhew, colored employee of the Mississippi Power & Light Company Monday after Mayhew had been trapped under the waters of the Yalobusha River almost five minutes.

The gang was engaged in making some repairs on the power line crossing the river near the 51 Highway bridge on the outskirts of the city. It became necessary for Mayhew to

carry a line across the river, and, in some manner, got beneath some logs. His foreman, Mr. Gibbons, promptly dived in, disentangled the colored man and, with assistance, dragged him to the shore. Artificial respiration by proper manipulation of the body of the victim was employed, and soon natural respiration began. The ambulance, hastily summoned, completed the task.

Inquiring whether Mr. Gibbons had learned this method of saving human life when he was a Boy Scout, we were informed that all power company employees, as part of their routine training, are taught First Aid in their regular Safety Schools.

cart, filled with miscellaneous gifts and lingerie, was brought to the honoree's table at intermission and after the packages had all been opened and admired, the hostesses served refreshments.

The following young ladies were present, Marguerite Finney, Edith Penn, Claire Weir, Martha Webb Marguerrt Stockard, Ruth Sweatland, Annie Anderson, Cora Mullen, Frances Thomas, Flora Anderson, Lucy Webb Sharp, Virginia Griffin, Joyce Matthews, Thelma Thompson, Mesdames Presly and Buster Clanton.

Mrs. J. M. McCormick, of New Orleans, arrived this week to visit here in her home until Monday at which time she will return to her duties in one of the Government Hospitals. She was accompanied by her friend, Miss Grave Overholt, who after several days here, left Thursday morning for Washington, D. C.

Mrs. A. M. Carothers visited in Memphis this week.

Miss Bettye Sherwood, of Tupelo will visit her parents, Mr and Mrs J W. Sherwood, Sunday and Monday.

KELVINATOR

"MOIST-MASTER" SYSTEM

CONTROLS HUMIDITY— KEEPS FOODS FRESHER, LONGER

$196.95

THE exclusive new "Moist-Master" is a system of *controlled* humidity and temperature. What it *does* is to keep foods fresh for days longer—without the necessity of covering all foods. ALSO, WHEN USED UNDER NORMAL CONDITIONS THERE IS NO NEED FOR DEFROSTING.

What it *means* is an entirely new kind of refrigeration—the most advanced improvement in household refrigeration since the first Kelvinator was offered to the public 26 years ago.

The 6 cubic foot Kelvinator illustrated has many other features in addition to the exclusive "Moist-Master" System. It has a big Vegetable dry storage Bin—glass-covered Crisper—"built-in" Cold Storage Compartment that keeps meats fresh for days at freezing temperatures—a large Frozen Food Compartment for packaged frozen foods—removable lower half-shelf—automatic light—and many other famous Kelvinator features.

And this is just one example of the sensational 1940 Kelvinator values—big 6 and 8 cubic foot models that save you from $30 to $60 compared with last year's prices—each powered by the famous money-saving Polarsphere sealed unit.

See these values *immediately*.

MacDOWELL MUSICALE

On Thursday afternoon, Nov. 7th, the MacDowell Musicale members assembled in the home of Mrs. Ben Adams for a splendid program.

For this event, Mrs. Adams and the co-hostess, Mesdames Thomas Grant, F. S. Hill and R. M. Smith decorated the reception rooms effectively and beautifully with autumn flowers. Exquisite roses predominated in the arrangements.

The following program was introduced through reading of this beautiful sentiment expressed by Ingersoll, "Language is not subtle enough, tender enough to express all we feel, and when language fails, the deepest and highest longings are translated into music."

Leader—Mrs. C. S. Liles.

CUB SCOUTS ENJOY PARTY

On Thursday of last week the Cub Scouts were entertained at a Halloween party at the home of Mrs. Giles Patty.

The home was decorated with Halloween figures, the lights were dim and crepe paper in orange and black was draped over windows, completing a perfect setting for the indoor games for the thirty-five guests. All wore fancy costumes. Assisting Mrs. Patty were the following Cub mothers, who in their role of co-hostess were dressed to represent different Halloween characters.

In the "Hall of Horror," Mrs. C. C. Richardson played the "Corpse." Mrs. C. H. Smith was the ghost of a beheaded woman. Mrs. Earl Burkley, a ghost. Mrs. Bob Townes, the fortune teller. Mrs. N. S. Craig was a Chinese woman and directed activities in the "Hall." Mrs Welker was dressed as a spook. Mrs. Burkley and Mrs. Craig planned the decorations. Mesdames Patty, Welker, Smith, Richardson and Townes planned the games and refreshments of hamburgers, cookies and punch.

RADIO WELLS BACK

Radio Bilbo Wells, who has been operating the sound truck for Senator Bilbo during the latter's successful blitzkrieg against Windell Willkie in the mid-West, returned to Grenada Monday night, and reported a wonderful reception for the junior Mississippi senator wherever he stopped.

From Well's appearance, fat and plumb, the National Democratic Committee must have provided plenty of T-bone steaks and mushroom, instead of Bilbo's usual fare, sardines, cheese and crackers.

The sound truck had a sign, "Hoover Promised Me This Car. Roosevelt Gave It To Me." Do Not Let Willkie Take It Away From Me," all in red, white and blue colors.

Dear Chick Lockett: Are there any members of the Rambo family still living in Marietta? About thirty years ago, I used to know a Miss Regina Rambo, of Marietta. This beautiful girl was some kin, niece I believe, of "old" Joe Brown, then the Governor of Georgia.

Constable J. W. Mahan, who lives on Henry Marter's farm, Nubbin Ridge, was examined Saturday, and found worthy to become a subscriber of the GCW. He also paid cash money.

Suggestion to WGRM: Please play something soft and low, and dedicate it to Windell Willkie, who never had a chance. Who ever heard of people killing Santa Claus?

Robert Lee Harris, now stationed at Barksdale Field, is spending a short furlough with his parents, Mr. and Luther Harris.

GENERAL ELECTION PASSES OFF AS EXPECTED

The Election Commissioners have been so busy doing other things of more importance that they have not yet made an official recapitulation of the election returns from the 16 precincts in Grenada county, but it is safe to guess that Grenada county went about 20 to 1 for the nine electors pledged to the election of President Roosevelt.

Bilbo was also elected by a large majority.

Ford was also elected by an overwhelming majority.

McGowen was also elected by an awe-inspiring majority.

Nobody expected otherwise.

ATTEND OBSEQUISIES FOR MR. DUGGINS

Relatives from out of town attending the funeral of Mr. Hugh Duggins who died in Memphis were, his brother, Dr. Percy Duggins, head surgeon of Walter Reed Hospital Washington, D. C. Dr. and Mrs. W. G. Brock and Mrs. Brock, of West, Miss.; Miss Dick Jones, of University and Mr. and Mrs. Ralph White, of Oxford.

Mr and Mrs. Harvey Harris, and Mr and Mrs. Ray Harris and Joseph Harris, of Batesville: Dr. and Mrs. Key and Mrs. Hugh Duggins, of Memphis.

MILK FOR CHILDREN

The Fortnightly Club of Grenada, sponsors a milk project at the Grenada schools. Every child should have milk, yet every child is not so privileged. The Fortnightly Club is working for that child—the underprivileged child who does not get enough milk. Remember this when you do your week end grocery shopping. Drop a coin into the bottle placed near the checker's desk. A nickle will buy two glasses of milk.

BOARD FINISHES WORK QUICKLY

The county board of supervisors, like the fellow currying the short horse, made it quick, concluding business Monday.

Routine matters were attended to and steps precedent to borrowing some money for the school funds were taken.

The matter of approving the proposed Food Stamp Plan was discussed informally, but definite action was deferred until Mr. Gilfoy returns and tells the members more of the plan.

Pending the settlement with the sheriff's office on proceeds of automobile tags, the board adjourned to meet on the 14th at which time it is expected that all road accounts, at present unpaid, will be paid.

GREEN STREET IMPROVEMENT

The northmost of the twin Horton & Horton buildings, the one formerly occupied by the dry goods department, since transferred to the new building across the alley, is being completely rebuilt. Its ceiling will be lowered several feet while its lengtth is being more than doubled, going bacq to the property line on the West.

LAST WEEK'S LOW AND HIGH SCORES

William Cathey, Hugh Ketchum Ted Coats and Bennie Cohen, had 13 wins against 2 losses. William Cathey wins the free drinks, having the best scores. Whyte Whitaker, Georgge Kelley, and William Winter were the low scorers with 9 out of 15 right.

HOLCOMB STEWARDS ENTERTAINED

Recently Rev. and Mrs. A. W. Bailey had the Holcomb stewards and their wives and husbands over to the parsonage for dinner.

The dining room was attractively decorated in Halloween colors and the same color scheme was carried out through the meal. A very delicious three course dinner was served. The cake was a "fortune cake". Each slice contained a favor and a little verse appropriate for each particular favor.

After the meal was over and while the guests were still seated at the table, Bro. Bailey led in an alphabet Bible contest.

A short business meeting followed and plans made for the annual stewards meeting of the entire charge for the next week.—Contributed.

Sam Anthony Marascalco, graduate of Grenada High School, Grenada, is among the students admitted to Northwestern university this fall. A total of more than 6,300 full-time students are attending classes in the twelve schools of the university.

Mr. and Mrs. Dudley Crawford expect to spend the long week-end, including Monday with relatives in Grenada.

FORTNIGHTLY CLUB

Each season the Fortnightly Club sponsors a project having as its aim the welfare of the community. There are in our city schools under nourished children who are being served daily lunches by the WPA. The club this year has pledged itself to serve these children also with a daily glass of milk. Milk bottles have been placed in the business houses of Grenada for contribution to this fund. The club asks that you, in passing, contribute a bit of change to this worthy cause knowing that in doing so you have supplied a child with a much needed glass of milk.—Contributed.

FRENCH MARKET

The Band Boosters meeting scheduled for Thursday, November 12, has been postponed until November 19, on account of the Junior play being presented at that time.

Mr. R. L. Collins is now in the Baptist Hospital, but is reported getting along fairly well.

Holcomb news did not reach here until too late. Nebo and Gore Springs also missing. Too much election!!
